EMMANUEL OKPIAIFO

Full Stack Developer (React, PostgreSQL & WordPress) | Web Platform & Digital Product Builder

Lagos, Nigeria | emmaokpiaifo@gmail.com | 09160852509 | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Full Stack Developer with 2+ years building production React applications, PostgreSQL-backed services and enterprise WordPress ecosystems for organizations partnered with Google DeepMind, Meta, Raspberry Pi Foundation, GIZ, UNDP, LSETF, and Mastercard Foundation. Shipped a full SME growth platform end-to-end, React frontend, CMS, Flutterwave payments, and AI chatbot, currently supporting 20+ daily content uploads and 98%+ platform uptime, alongside an LMS, multiple campaign platforms, and workflow automations (Google Sheets, Zoho). Comfortable owning a build from architecture through deployment and post-launch optimization.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript (ES6+), React.js, Next.js, HTML5, CSS3, Bootstrap, jQuery

Backend & Databases: Node.js, PostgreSQL, Flutterwave API, REST APIs, Google Apps Script, Webhook automation

CMS & Platforms: WordPress (Elementor), custom CMS development, LMS build & deployment, PWA fundamentals

Tools: Git, GitHub, Webpack, Chrome DevTools, cPanel, Google Analytics, Notion, Zoho Workplace, Slack

Hosting & Deployment: GitHub Pages, Syskay, Namecheap, IONOS, Apache shared hosting / DNS troubleshooting

Core Competencies: Responsive design, performance optimization, SEO, cross-browser compatibility, UI/UX QA, accessibility, debugging

WORK EXPERIENCE

Technology Associate — Feb 2026 – Present

NerdzFactory Company — Lagos, Nigeria (Hybrid)

- Own all technology at NerdzFactory, incl. the websites that are every partner programme's first point of contact: 98%+ monthly uptime and SEO across nerdzfactory.co and .org, and new pages like Call for Media Partners with expanded SEO meta descriptions.
- Rebuilt every main navigation page of nerdzfactory.co in Oct 2026 (homepage, News, Projects, Impact Report); launched Get Set 4 Business pages that grew site active users from 579 to ~2,000 in a month (Sep–Oct 2026) and 110+ facilitator and mentor sign-ups.
- Designed, built and deployed the BizGrowth Africa React ecosystem (bizgrowthafrica.com): a News site with Google Analytics, a CMS supporting 20+ daily content uploads, Flutterwave payments, Google Sheets data capture and a Phase 1 AI chatbot.
- Ship landing pages, registration forms and email flows for partner programmes with MTN Nigeria (incl. the Your Screen, Your Story webinar platform), British Council & King's Trust International, GIZ & LSETF, Google DeepMind & Raspberry Pi Foundation (Experience AI) and Meta (SafeOnline), plus the Talentry waitlist.
- Launched the EIF-LMS portal (July 2026, 5 courses in production) and configured the DesignU LMS with full course structure and content upload for the Design and Digital Marketing School, a GIZ & LSETF-partnered programme.
- Support the Communications team in publishing 4+ SEO-optimised blog/news items monthly across nerdzfactory.co/news, /blog and nerdzfactory.org/opportunities, and provide communications, IT and media support at company and partner events.
- Provide IT support and troubleshooting across internal systems and platforms, acknowledging issues within 1 working hour and resolving 80%+ within 24 hours; resolved a DNS/browser-cache issue blocking production access on Apache shared hosting (Syskay).
- Run digital operations: user authentication, data-capture automations (Google Sheets, Zoho, webhooks) for membership/newsletter lists and the admin panel, cookie consent and privacy compliance, and GitHub version control, documentation and backups.

Technology and Design Intern — Mar 2025 – Jan 2026

NerdzFactory Company — Ogudu, Lagos

- Led frontend development of public-facing WordPress (Elementor) sites for partnership initiatives, including the Experience AI Nigeria landing page (Google DeepMind & Raspberry Pi Foundation) and the SafeOnline Youth Ambassador platform (Meta).
- Supported the Experience AI national rollout, helping reach 477,205+ students and 2,835+ teachers across Nigeria.
- Delivered communications and media support for flagship programmes, including Safer Internet Day.
- Migrated company-wide email systems from Roundcube to Zoho Workplace, improving security and administrative control.
- Ran UI/UX QA reviews and shipped feedback-driven improvements across campaign and application pages.

Web Developer Intern — Jul 2023 – Oct 2023

Adroitsoft Nigeria Limited — Ogba, Lagos

- Built responsive client-facing pages in HTML, CSS and JS; completed in-house certifications in JS, Bootstrap and Git/GitHub collaboration.

Project Manager — Sep 2023 – Jun 2024

King's Cyber Cafe — Remote

- Directed timelines and task management for digital projects; streamlined collaboration workflows to improve team efficiency.

KEY PROJECTS

BizGrowth Africa — React Web Platform **Dec 2025 – Present**

- End-to-end production React platform connecting African SMEs to opportunities, resources and digital tools, with a CMS (admin.bizgrowthafrica.com), Flutterwave payments, the Scaleup Grant page, a Phase 1 AI chatbot and a GA-tracked News site.
- **Impact:** Central digital hub for SME growth initiatives, supporting 20+ daily content uploads, fully editor-managed post-launch.

NerdzFactory Corporate Website

- Re-architected and rebuilt every main navigation page for a modern, responsive and consistent experience across the site.
- **Impact:** Refreshed the company's main digital front door for partners, applicants and stakeholders, keeping SEO and 98%+ uptime.

Your Screen, Your Story — MTN Nigeria Help Children Be Children Campaign

- Built the campaign landing page and registration flow for the programme under MTN Nigeria's Help Children Be Children campaign.
- **Impact:** Lets young people, parents, guardians and educators learn about and register for a free child online safety webinar.

DesignU LMS Implementation (WordPress) **Dec 2025 – Jan 2026**

- Configured LMS functionality on an existing WordPress site, with user, course and content management for admins.
- **Impact:** Scalable platform for youth digital-skills training in the GIZ & LSETF-partnered Design and Digital Marketing School.

Employee Innovation Fund LMS — DOT & Mastercard Foundation Partnership

- Built and launched the EIF-LMS portal (July 2026) for the Employee Innovation Fund, hosting 5 courses in production.
- **Impact:** Supports the Indigenous Apprenticeship to Work Programme, which has certified 201 MasterCrafters (186 women) across 10 trades in Lagos to mentor apprentices.

Experience AI Nigeria Landing Page

- Built the responsive, accessible national landing page for an AI literacy initiative with Google DeepMind & Raspberry Pi Foundation.
- **Impact:** Supported a rollout reaching 477,205+ students and 2,835+ teachers nationally.

Design & Digital Marketing School Landing Page — GIZ & LSETF Partnership

- Designed and built the landing page for the DDM School, with responsive layouts and ongoing content updates across cohorts.
- **Impact:** Supports a programme that trained 196 young people in two cohorts (93% completion), placing 146 in internships; Cohort 3 is training 100 more.

Get Set 4 Business Landing Pages — British Council & King's Trust International Partnership

- Developed the applicant landing page and facilitators & mentors landing page for the Get Set 4 Business programme.
- **Impact:** Grew nerdzfactory.co active users from 579 to ~2,000 in a month (Sep–Oct 2026) and drew 110+ facilitator and mentor sign-ups for a programme supporting 140 young people across Ogun and Oyo.

PROGRAMME TECHNOLOGY & MEDIA SUPPORT

Provided IT, communications and media support for flagship NerdzFactory partner programmes and events:

- **Design & Digital Marketing School (GIZ & LSETF):** supported programme delivery and three cohort final events with technical setup, communications and media coverage.
- **Experience AI Nigeria (Google DeepMind & Raspberry Pi Foundation):** IT and communications support for the national programme and launch.
- **Young Africa Innovates Final — Lagos Innovators Showcase (UNDP):** event IT support, communications and media coverage.
- **SafeOnline Programme (Meta):** provided communications and media support for programme activities.
