Professional Summary

Technology, Design & Media Associate with experience building scalable web platforms, managing multi-site WordPress ecosystems, and supporting high-impact digital education and business initiatives. Proven track record delivering React applications, LMS platforms, campaign landing pages, and cross-functional media support for programs in partnership with organizations including Google DeepMind, Raspberry Pi Foundation, Meta, LSETF, GIZ, UNDP, and Mastercard Foundation. Skilled in digital platform management, technical support, performance optimization, and operational workflow structuring.

Work Experience

Project Manager Sep 2023 – Jun 2024 | Remote
King's Cyber Cafe

- Directed project timelines, planning, and task management for digital and development-focused initiatives
- Maintained deliverables, supported remote collaboration, and led retrospective feedback sessions
- Compiled documentation and adapted plans to address blockers and align with deliverables
- Implemented streamlined collaboration workflows to improve team efficiency

Web Developer Intern Jul 2023 – Oct 2023 | Ogba, Lagos
Adroitsoft Nigeria Limited 🌐

- Developed interactive client-facing pages using HTML, CSS, and JavaScript
- Completed in-house certifications in JS, Bootstrap, Git/GitHub collaboration
- Built responsive, client-focused web pages in collaboration with junior developers
- Gained hands-on experience in usability testing and Git/GitHub version control through iterative development and debugging

Python & Linux Trainee Feb 2021 – Dec 2021 | Ogun, Nigeria
Cisco Networking Academy 🌐

- Built foundational knowledge in Python, networking, and shell scripting
- Earned certifications in Python Essentials and Linux Essentials

Technology and Design Intern Mar 2025 – Jan 2026 | Ogudu, Lagos
NerdzFactory Company 🌐

- Led front-end development of public-facing WordPress (Elementor) websites and landing pages for national and international partnership initiatives.
- Developed campaign and partnership pages including:
 - **Experience AI Initiative** (Google DeepMind & Raspberry Pi Foundation collaboration)
 - **SafeOnline Youth Ambassador platform** (Meta partnership initiative)

• Provided communications and media support across flagship programs including:
[Experience AI launch](#)

[SafeOnline \(Meta partnership\)](#).

[Young Africa Innovates \(YAI\) program \(UNDP Initiative\)](#).

[Safer Internet Day \(Meta & Experience AI events\)](#).

- Design & Digital Marketing School (DDM) final events (LSETF & GIZ partnership)
- Contributed to digital initiatives supporting the Experience AI national rollout impacting 150,000+ students.
- Structured content layouts for applications, testimonials, and event pages to improve UX clarity and mobile responsiveness.
- Conducted UI/UX QA reviews and implemented feedback-driven improvements.
- Supported CMS management, blog publishing, survey campaigns, and digital content rollouts.

- Migrated company-wide email systems from Roundcube to Zoho Workplace, improving security and administrative control.
- Technology, Design & Media Associate** Feb 2026 – Present | Lagos, Nigeria
NerdzFactory Company

- Designed, built, and deployed **BizGrowthAfrica.com** using React, delivering a responsive production-grade web platform supporting SME growth initiatives.
- Manage and maintain the organization’s WordPress (Elementor) ecosystem, ensuring uptime reliability, performance optimization, security updates, and brand consistency.
- Built and launched a **WordPress-based LMS (DesignU)** enabling structured course delivery and scalable digital learning.
- Structure and optimize the organization’s digital media asset repository, improving internal accessibility and cross-team workflow efficiency.
- Monitor website and platform performance, implementing UX enhancements and basic SEO optimization.
- Provide ongoing technical support to internal teams, troubleshooting digital tools and supporting program execution.
- Customize WordPress themes and plugins to align with organizational branding and functional needs.
- Collaborate cross-functionally with Communications and Program teams to deliver digital campaigns and platform improvements.

- Education**
-
- BSc. in Computer Science and Technology (Second Class Upper)** Nov 2020 – Nov 2024 | Ogun State, Nigeria
Crawford University
- SSCE Certificate** Jul 2020 | Lagos
Ezekiel International College

- Skills**
-
- Core Competencies:** Responsive Design • Website Optimization • Debugging & Troubleshooting • Cross-Browser Compatibility • Website Development • Communications and Media support • Media Assets Management • SEO Optimization
- Soft Skills:** Planning • Collaboration • Attention to Detail • Speed & Efficiency • Problem Solving • Communication

- Key Impact Projects**
-
- BizGrowth Africa** Dec 2025 – Jan 2026
- Designed, built, and deployed a **production-ready React web platform** supporting African SMEs with access to business opportunities, resources, and digital tools.
 - Developed a **custom CMS** allowing internal editors to publish news articles, opportunities, and updates seamlessly, ensuring the website remains up-to-date without developer intervention.
 - Implemented responsive layouts, accessibility improvements, and performance optimizations to ensure smooth user experience across devices.
 - Enabled direct engagement with entrepreneurs and small business owners through structured content, increasing platform utility and discoverability for SMEs.
 - **Impact:** Central digital hub for SME growth initiatives, streamlining access to opportunities and enhancing NerdzFactory’s visibility as a business support organization.

- Experience AI Webpage**
- Contributed to the development of the Experience AI Nigeria landing page, a national AI literacy initiative in partnership with Google DeepMind and Raspberry Pi Foundation
 - Collaborated with the web team to structure clear communication of program goals, timelines, and application steps
 - Ensured full mobile responsiveness, accessibility, and fast load times for diverse devices
 - Integrated partner logos, CTAs, and visuals for seamless engagement
 - **Impact:** 3,150+ teachers, 157,000+ students National rollout
